

Sadie isn't looking for a mate... Or even a boyfriend. Having babies isn't in the cards for her, but she loves animals and the outdoors. If only her grandfather weren't selling off her favorite piece of land. Vaughn's just looking for a good time... Sent by his boss to check out some land, dragon shifter Vaughn feels an instant attraction to the curvy blonde. But it's not until they're attacked that he realizes she's his mate. Now they need each other to survive... Sadie and Vaughn have to deal with werewolves, grouchy grandparents, rogue dragon smugglers, and more. If they make it, is Sadie ready to settle down with a dragon? And is Vaughn ready to claim a mate who can't give him children?
