

Cloud Nine

Sarah Talbot never thought she'd live to see another birthday. But through indomitable will and expert medical care, she has beaten the cancer and reopened her bedding boutique, Cloud Nine. In celebration, Sarah's friends give her a special present: a ride over her upstate New York town in a chartered plane. It is on this flight that Sarah meets Will Burke, a former Navy pilot, whose outward confidence hides the wounds he has yet to heal. A bond is forged between them. Now Sarah, determined to complete her recovery, decides to visit the isolated Maine island where she grew up -- and where the two most important people in her life, her father and her son, are waiting. Will joins her quest. But the journey will be a heart-wrenching test of her courage, and becoming whole will require the one thing Sarah can least afford: time. Luanne Rice writes with shimmering emotion about people whose lives are fragmented by tragedy and made whole by love. In Cloud Nine she has distilled her power into a novel unforgettably potent, and pure magic.

Cloud 9 is a song by English rock musician George Harrison that was released as the opening track of his 1987 album Cloud Nine. It was also issued as a single. On cloud nine is no exception. A commonly heard explanation is that the expression originated as one of the classifications of cloud which were defined by the - 5 min - Uploaded by TobuCloud 9 on Spotify: http://Cloud9_Spotify Cloud 9 on iTunes: http://Cloud9_ID Cloud Nine (Japanese: ?????? No Weather) is an Ability introduced in Generation III. Prior to Generation V, it was the signature Ability of Psyduck and Cloud nine definition, a state of perfect happiness (usually in the phrase on cloud nine).
