

New York Times bestselling author Fern Michaels thrills us, once again, with the story of an unforgettable young woman who was stolen as a toddler from a poor but loving family, and who must journey through a maze of heartbreak before she can reclaim her true identity. Raised in a magnificent Charleston house, Jessie Roland wants for nothing. But as she grows into young adulthood, all she feels is loss and a desperate need to break free from the stifling possessiveness of her parents. Somewhere, in the deepest part of herself, Jessie believes that the world she has always lived in is not the one she came from. . . or belongs in. Now, at nineteen, she has escaped to Washington, D.C., where no one knows her, and where she is swept into a whirlwind marriage to a Texas senators son. But the past will not release Jessie, who is still haunted by a sense of lost happiness, of simple, tender gestures buried in her memory. Only in Luke Holt, a reclusive rancher, will she discover the strength to penetrate the darkness, and find her way back to a place she can call home.

The Courtesans Letters, Edward. Various views of human nature, taken from life and manners, chiefly in England. By the author of Zeluco. In two volumes. ...
