Bare Naked Designs, #3 Being bound together was never part of the plan. Amie Woods is living the life she wants, but her search for a man who can keep up with her sexual demands has tested her faith in Happily Ever After. Milton Campbell bears the weight of the world on his shoulders, but when he has the opportunity to re-ignite old friendships, it reminds him of a time in his life when he knew how to have fun. When the two meet, sparks fly and not the good kind. Their dislike for one another is second only to the sexual attraction simmering between them. A twist of circumstance lands them in the same bed, and Milton jumps at the opportunity to put his pleasure in Amie's hands. A two-week fling might be exactly what he needs to bring back his love of life, and Amie can't throw away the opportunity to be herself both in and out of the bedroom. At first, they seemed all wrong for each other. But when casual builds into something more, Amie and Milton must decide if they're willing to risk being bound together by love. **WARNING:** Explicit language, sex, and a torturous strip tease in leather. 36,142 Words
