

Not Afraid of Life: My Journey So Far

In this personal memoir, Bristol Palin opens up for the first time ever, taking readers behind the scenes in her life, from growing up in Alaska to coming of age amid the media and political frenzy surrounding her mother's political rise; from becoming a single mother while still a teenager to coping as her relationship with the baby's father crumbled publicly. In *Not Afraid of Life*, Bristol speaks candidly of her aspirations and of the deep religious faith that gives her strength and inspiration. Plainspoken and disarmingly down-to-earth, Bristol offers new insight and understanding of who she is and what she values most.
