

Known as the most recited sutra in the world, the Heart Sutra has been chanted daily in Buddhist monasteries for over two thousand years. Explicated by the Venerable Hsuan Hua, one of the foremost Tripitaka and Chan Masters of Chinese Buddhism in the U.S., this very heart of the larger Prajna Paramita Sutra delivers a brilliant distillation of the concepts of emptiness and non-attachment. A perfect introduction to Buddhist philosophy, this Sutra was translated into English by Ronald Epstein, PhD. This second edition ebook has Sanskrit diacritics added.
