

J. I. Packer, D. Martyn Lloyd-Jones, Iain Murray, and Ernest Kevan are among the distinguished contributors to this compilation of papers on a wide range of topics pertaining to Puritan and Reformed teaching, piety, and life. This volume, the first in a series, captures the principles and passion of Puritan belief as presented in the Puritan and Reformed Studies Conferences of 1956-1959. The twenty-three papers gathered here are, by design, practical and constructive, not merely academic, says Packer, and therefore helpful to pastors as well as the whole church.
