

Its been a few months since Crunch and his comrades liberated the mob-run prison camp HoneyHill. But content as he is, Crunch cant forget Victor, the beautiful prisoner with whom he shared a brief affair. Taking a leap of faith, he shows up at Victors door, but will it turn out he really was missed? This short story is set a few months after the events described in our novel, Stung. It could be read separately, but we advise to read the novel first, as it is not a stand alone. The book contains explicit M/M erotic content. What reviewers say: It was wonderful to be given the opportunity to revisit Victor and Crunch, my guys from Stung. Seeing them again fairly recently after the intense ending of the book was a great way for me to reconnect. Wait, what am I saying? It wasnt me that needed to reconnect, it was them! *grins* - Christy Duke (Rainbow Book Reviews)
