

Before leaving for Vietnam, twenty-one year old Fred Krebsbach received a piece of advice from his uncle: carry something with you into combat that will give you comfort in a time of need. He figured it was worth a shot and chose his First Communion rosary. This turned out to be a life-changing, maybe even life-saving, decision. Sent into combat as an M-60 machine gunner, for almost seven months Fred faced danger from booby traps, enemy combatants, and the jungle itself. After becoming injured and returning from the hospital he gave up the M-60 to become a squad leader for Special Forces. He endured seven more months of constant change and surprise, but one companion was constant? a voice inside his head that helped him find the right course of action to keep him alive. To this day Fred doesn't know what it was exactly, but it may have had something to do with that dang rosary! Though he survived Vietnam, Fred was changed in irrevocable ways. He hopes his story helps his grandchildren and other young people understand the cost of combat and the value of thinking it through before engaging in war.
