About Curve Patrol Plus-size illustrator Patricia Pattycake Harper lives alone in the house she grew up in. Her small Georgia neighborhood has changed a lot since she was a kid, but one thing remains constant -- her secret crush on neighborhood hottie Noah Lodge. When a voyeur is reported lurking around Pattys bedroom window, Patrol Officer Lodge is first on the scene. Knowing the pervy perp is still on the loose, Noah does the one thing hes sure will keep his best friends little sister safe. He spends the night in Pattys bed. About Sunny with a Chance of Curves Cute but chunky weather girl Ursula Cain is certain her super sexy neighbor Jack Santos is the biggest flirt in the universe. In the six months hes lived next door to her, hes asked her out at least once a week. Too bad Jack has a revolving bedroom door and not one of the ladies using it is over a size ten. When Ursula has a bad run of predicting the weather, Jack goads her into a bet. If rain ruins his Saturday soccer game, she has to make it up to him Sunday -- in bed.
