

Haylee is beginning to find herself while she is in college. She crosses paths with the mysterious man she met years ago and starts something up with him. She finds herself falling for him at every moment they are together. Amanda is doing well with Chris and their friendship is still going strong. They meet up over the holidays, where her parents are still distant to her. Haylee doesn't think Declan likes her as much as she does him but time proves her wrong. Their relationship kindles like a fire and she can't imagine herself with anyone else.
