To everyone around her, shes confident and strongbut then, she has to be with a man like Brad, who is all about family and too handsome for his own good. PRAISE for Lorhainne Eckharts books: Lorhainne Eckhart has a way at really tugging on the heartstrings and this story is no exception. The latest installment into the Friessen legacy has continued the rich storytelling and chemistry since the series began with *The Forgotten Child*. I love how all of

these characters have grown/matured with each new story. Thank you Ms. Eckhart for continuing this wonderful saga. Eckhart is one of the best storytellers that I have read in a long time. I was riveted by this series as much as I was by *Saved*. I am an avid reader, and I've become impatient with poor writing. I would recommend reading any of Lorhainne Eckhart's books, but only if you enjoy reading books that you can't put down. Wow, what a story! Loved this, loved this, loved this! Grabbed me from the start and held me the whole way through. Obviously this writer has the talent to pull the readers in and keep them - thank you. A brilliant book, a must read and thoroughly enjoyable. I am passionate about Lorhainne Eckhart's writing. This family history is so intense it is hard to stop until the end. I enjoy this story so much that I bought all the books concerning this family. Had a hard time closing the book until I finished. Best Family Series Ever! I love the dynamic of this powerful close family. Three brothers, a cousin and all the spouses and children make for an interesting spellbinding story you won't want to put down. Whole lot to love! Haven't read one yet I haven't absolutely loved, this one is no exception. Get it, read it, fall in love with this series and this author. I loved the whole series. I could keep on reading about this family. Makes a person wish they could be part of them.
