

The final installments (six through ten) in the occult erotic romance series Unnatural Lovers available here in one single package. Follow Amanda Stenser and her boyfriend Tony as they find themselves caught up in a demonic and possessive creature intent on making Amanda its own. All titles are also available separately. Separation Anxiety #6: Tony arrives back and finds Amanda chipper on the surface, but buried beneath both of their smiling faces are secrets which threaten to harm their relationship. Accusations are made and truths revealed as these two people, bound by their shared knowledge of the creature, decide what road to take and whether their paths shouldn't part. Doppelganger Night #7: Distractions are a solace for those with heavy hearts and confused minds, and Amanda finds herself one in the form of her friend, Sylvia. She wishes to forget, if only for a moment, that her boyfriend Tony is braving the mountain on her behalf. Unfortunately every waking and dormant moment can't be occupied, especially when something dark wishes to have her full attention. Mountain Mysteries #8: Tony finds himself on a journey to discover what information he can about the source of the evil atop the mountain. His adventure leads him from the decrepit cabin to the local gas station in search of answers to the creature that haunts Amanda. He listens to strange tales and personal accounts of the accursed place atop that scrag, and finds himself in trouble deeper than he could have ever imagined. Along the way he changes, but not for the better. Permanent Changes #9: Tony finds more answers than he bargained for in the Asylum archives, and a creeping realization dawns on him as he escapes that small town beneath the shadows of Arkham Mountain. Meanwhile Amanda finds herself back at her old job with the constant distraction of the thing preying on her mind. She recalls an unpleasant appointment that same day which brings up more than just bad memories from her trip on the mountain, and she is confronted with a final choice that will change her life forever. Welcome Home #10: Tony is confronted with the truth of Amanda's infidelity, and she seeks to make amends in the most pleasing way possible. The only problem is it comes with a price for both of them, and neither Amanda nor Tony could have ever predicted what the creature had in store for them.
